Prepared by Garth Bruen, CEO KnujOn.com LLC

## Acquire This Name, INC.

The purpose of this report is to explore true ownership of domain resellers. All information present here is fact based on publicly available records.

The apparent domain name reseller Acquire This Name, INC. (acquirethisname.com) posts no clear ownership or location on its site except a post office box: **PO BOX 6097, Bellevue, WA 98008**

In the "About Us" they provide the following information:

**A: No, we represent the domain owner and facilitate the sale of the domain.**

**Q: Is AcquireThisName a domain registrar?**

**A: No, AcquireThisName is a brokerage firm, representing domain owners. We are not a registrar and do not offer registration services."**

Their FAQ states the following:

**Q: What is your domain sales process?**

**A:** Our reseller relationship with eNom helps make purchasing a domain from Acquire This Name a quick and easy process. After you and your ATN sales account manager agree on a purchase price, you will receive an email with wire instructions and a link to submit our online agreement. The online agreement confirms your interest in the domain and removes it from the open marketplace.

The next step is creating a free account at [www.enomcentral.com](http://www.enomcentral.com). After payment is submitted by wire to eNom, the domain will immediately be pushed to your eNom account. At this point the WHOis records will reflect your contact information and you will own and control the domain."

At this point Acquire This Name, INC. has made it clear they are NOT a Registrar but actually a reseller or "brokerage." They have also stated that Acquire This Name, INC. is a reseller of eNom and directs customers to create an account at eNom to manage the domain name.

As for payment, Acquire This Name, INC. states:

**Q: What are the payment options available to me?**

However, we were able to determine that the resigned officers were SARAH AKHTAR COOPER and MICHAEL BLEND. We also found two WIPO decisions where Acquire This Name, Inc. was ordered to surrender a domain name for trademark reasons. The respondent in one of these cases was Matt Overman.

(<http://www.wipo.int/amc/en/domains/decisions/html/2009/d2009-0411.html>,  
<http://www.wipo.int/amc/en/domains/decisions/html/2008/d2008-1162.html>)

**Sarah Akhtar** Cooper is the General Counsel of eNom  
**Michael Blend** is the Senior Vice President of Demand Media (eNom)  
**Matt Overman** Director of Domain Sales at Demand Media (eNom)

Additionally, acquirethisname.com is hosted and sponsored by eNom.

From the list of officers and the cited payment structure, it does not appear that Acquire This Name is really a reseller or even a separate entity.

One of the reasons **Acquire This Name** came to our attention was due to its sale offering of the domain "**equateconsonant.com**" Like many "parked" expired domains equateconsonant.com hosts a search driven advertising engine. Unfortunately it is providing a gateway to illicit pharmaceuticals. These are not organic search results, but paid-for advertisements.

The screenshot shows the homepage of EQUATECONSONANT.com. At the top, there is a green header with the text "Welcome to EQUATECONSONANT.com". Below this is a red horizontal bar. A red-bordered box highlights a section titled "Sponsored listings for Cheap Viagra Online:". Inside this box, there are five sponsored listings, each with a blue link and a green URL:

While Acquire This Name stated they do not own the domain names they sell, rather: "we represent the domain owner and facilitate the sale of the domain." It is impossible to verify as the registrant's details are concealed through Whois Privacy Protection Service Inc., which is eNom's privacy service. However, equateconsonant.com is indeed sponsored and hosted by eNom (See Appendix B: equateconsonant.com).

Clearly the Internet consumer is owed more disclosure and upfront information, especially when purchasing domain names. Who is the consumer really dealing with? And what was the domain used for previously? How does the post-expiration registrant untangle this situation?
