[Get Off The Couch This Summer Join The Fitness Revolution For Kids](#)

Get Off The Couch This Summer Join The Fitness Revolution For Kids Theresa Byrne has helped thousands blossom through health and fitness at her Denver martial arts studio and as the fitness coach on the reality show Fitting In, on the ABC Family Channel. Now she's bringing her motivational fitness program to a kid near you. Today Byrne releases a workout DVD based on her "Fitness Revolution for Kids" program, a new approach built on the belief that kids can find success and even fun getting fit through positive motivation and by connecting mind, body and spirit. Fitness Revolution for Kids is a playful, high-energy workout for children ages 5 and up. It is now available at <http://www.revolutionforkids.com> for \$19.99. "The Revolution is designed to give today's amazing children the tools they need to create their own generation of health," Byrne said.

Substance: Blend of 5 Testosterone
Manufactured by: Axiolabs
Packaging: 10ml vial contains 325mg/ml

Each 10ml Vial contains
 30mg/ml **Testosterone Acetate**
 50mg/ml **Testosterone Propionate**
 50mg/ml **Testosterone Phenylpropionate**
 90 mg/ml **Testosterone Cypionate**
 105mg/ml **Testosterone Decanoate**

A perfect blend of five testosterone compounds. The five different testosterone esters provide for different half lives. Esterization of the testosterone molecules provides for a sustained (but non-linear) release of testosterone from the injection depot into the blood plasma.

While the intention of the mixed testosterone esters in Sustaplex is to provide more stable serum testosterone levels, the long-ester testosterone, such as testosterone cypionate or testosterone decanoate, provide more stable serum testosterone levels.

Sustaplex is the most popular **testosterone** blend product among those that use anabolic steroids for muscle building purposes.

[Women On Prudent Dietary Pattern May Reduce Risk Of Death](#)

Women On Prudent Dietary Pattern May Reduce Risk Of Death Women who eat a diet rich in vegetables, fruits, legumes, whole grains, fish and poultry may reduce their risk of death from cardiovascular disease and all causes. Women who follow a traditional "Western" diet of red and processed meat, refined grains, fries and sweets may increase their risk. That's the conclusion of researchers who reported the results of a Harvard School of Public Health study in *Circulation: Journal of the American Heart Association*. The study of 72,113 healthy women found that high adherence to the "prudent" dietary pattern was associated with a 28 percent lower risk of death from cardiovascular disease and a 17 percent lower risk of premature death from all causes when compared to the lowest adherence.
